

WELCOME TO 2018 MYSTIC EATS, A RIVERSIDE FOOD FESTIVAL

Event Dates: September 7, 8 & 9, 2018

Hours: Friday 5:00-9:45, Sat. 11:00 am to 9:45pm, Sun. 11:00 am to 5:00pm

Thank you for joining us for the annual Mystic Eats Food Festival. This year's event will again be located on Cottrell Street next to the beautiful Mystic River Park.

On Friday you may begin setting up your tent area at noon. Final inspections (fire marshal and sanitation officer) begin by 3:45pm. You need to be open and ready to serve by 5pm. The music entertainment ends at 9:45 PM and the event closes for the evening at 9:45.

On Saturday you must be open and ready to serve at 11:00am. The music entertainment ends at 9:45pm and the event closes for the evening at 9:45

On Sunday you must be open and ready to serve at 11:00am. The music entertainment ends at 4:30 pm and the event closes at 5 PM.

Enclosed is your packet of information containing:

Restaurant agreement

Rules and Regulations for Mystic Eats

Application for Town of Stonington Temporary Food Service License this needs to be completed immediately.

We will also be allowing 2 restaurants to have an additional table in the beer shed. You CANNOT do any cooking at all. You can have a warming station but NO cooking can be done in the shed.

There will be a lottery drawing for anyone that wants to have a shed table. The drawing will be for any restaurant that wants to participate and ALL of your paperwork and payment has to have been turned in by 7/31/18. There will be an additional fee of \$250 for the shed table.

Please fill out the application now and get it to your representative ASAP. The map with your tent 's location and a schedule of the activities will be sent to you in August. Tent location is at the sole discretion of the Mystic Eats Committee.

The Fire Marshal requires all tents to be equipped with the appropriate fire extinguisher. If you do not have one when the Fire Marshal makes the final inspection prior to the opening you will be rented one at a cost of \$50. (This amount will be deducted from your proceeds from the event) Make sure you have the appropriate type[s] of fire extinguisher.

If you have any questions please call your representative Emily Milano at 860-942-3243 or email: emilymilano@shuttersandsails.com

MYSTIC EATS

Event Dates: September 7, 8 & 9, 2018

Hours: Friday 5:00-9:45, Sat. 11:00 am to 9:45 pm, Sun. 11:00 am to 5:00 pm

1. _____

2. _____

3. _____

4. _____

Your Restaurant Fee is \$ 550.00 made out to Downtown Mystic Merchants (DUE AT SIGNING OF AGREEMENT)

The Participant is a private contractor. Neither the Town of Stonington, the Downtown Mystic Merchants, its Board of Trustees, members, staff, and all committees thereof, event planners or project supporters and volunteers will be responsible for any injury, loss or damage that may occur to the Participant or the Participant's property, from any cause whatsoever, prior to, during, or subsequent to the period covering the event.

The undersigned Participant AGREES to the above and the terms and conditions in Exhibit A (attached) regarding MYSTIC EATS on behalf of the participating business. Infractions of any rules or requirements, attached hereto or otherwise provided, will be grounds for dismissal immediately and/or prohibition from future participation. By signing, the Participant and/or its representative agrees to comply with the rules and regulations, booth fees and receipts, and operations of the event as stated and part of this Agreement.

AGREED TO:

Signature Participant Date

Mystic Eats Date

Exhibit A Restaurant Agreement

Participant Agrees to:

1. Participate in a food and beverage event organized by the Downtown Mystic Merchants Association to be held on September 7, 8 & 9, 2018 on Cottrell Street in Historic Downtown Mystic.
2. Participant may price its food items solely in its own discretion. Individual food tickets will be sold by DMM in one dollar denominations. No cash may be accepted by Participant. Participant will be reimbursed by DMM for Eighty-eight (88%) per cent of the value of all submitted tickets in the primary color, but there is no reimbursement for tickets in the secondary color, which are tickets given by DMM to sponsors and certain neighbors on Cottrell Street.
3. Provide evidence of insurance, naming as additional insured the Town of Stonington, 152 Elm Street, Stonington, CT 06378 and the Downtown Mystic Merchants Association, PO Box 456, Mystic, CT 06355
4. Abide by all relevant government regulations as may pertain to participation, including, but not limited to, the State of Connecticut Department of Revenue Services, The Town of Stonington and the Health Department of the Town of Stonington and the Mystic Fire Department.
 - a. **You must fill out an Application for a Temporary Food Service License with the Stonington Health Department (attached).**
5. LP gas: Please specify if you will be cooking with LP gas: Yes_____ No_____
6. **Electrical:**
 - a. All tents are supplied with one 20 amp 110v, 4 socket box
 - b. If more than one 4 socket box or 220 service is required, there is an additional \$50.00 charge
 - c. Specify electrical requirements: _____ Std Box; _____ Dbl Box; 220volt Plug_____
7. Tent size: Standard tent is 9'x10'. If you need a double (9'x20') there is an additional \$200 charge

8. You must provide appropriate fire extinguishers in your booth. If DMM must provide you with the appropriate extinguishers, there will be a rental charge of \$50.00/extinguisher. The Fire Marshal will inspect your tent for compliance prior to Friday's opening.
9. Participant is required to fully clean its space and the immediate surroundings prior to departure. If you fail to do so, we will assess a cleaning charge that will be deducted from your sales, in which case DMM will photographically document the post-departure conditions. We hope not to impose any such assessments, but our volunteer cleanup crew encountered a couple of nasty venues last year.

Downtown Mystic Merchants agree to:

1. Obtain all the legal permits and permissions for the event.
2. Provide advertising and promotion, security, sanitation, tents, one under-tent light and electrical power for the event.

AGREED TO:

Signature Participant Date

Mystic Eats Date

Mystic Eats
Rules and Regulations for Participation

1. Participants agree to follow and adhere to these rules and regulations. Failure to provide payment or materials outlined in this Agreement by the stated deadlines may result in expulsion from participation in Mystic Eats. Final approval for participation will be determined by the Mystic Eats Committee of the Downtown Mystic Merchants.
2. All participants must abide by Town of Stonington regulations for this event.
3. Participants must have public liability insurance naming the Downtown Mystic Merchants and the Town of Stonington as additional insureds.
4. Following is a list of all items that are required and must be submitted to Downtown Mystic Merchants, P.O. Box 456, Mystic CT 06355 asap but no later than August 1, 2018
 - a. A copy of valid State of Connecticut sales tax identification number.
 - b. A copy of Bakery or Food Handlers Permit
 - c. Initial participation fee of \$550
 - d. Temporary Food Service License for any restaurant not located in Town of Stonington
 - e. Signed contract detailing menu items to be served and their prices.
 - f. Certificate of Insurance (see section 3)
5. Only submitted and approved food items may be sold at event. The Mystic Eats Committee will strive to prevent redundant menu items. Restaurants may only offer food items that have been approved, no other items such as beverages, cookbooks, posters, balloons, mugs, t-shirts, etc. may be sold without approval by the Mystic Eats Committee.
6. Participants will be identified at the event by their restaurant name. Tent banners will be provided by the Mystic Eats Committee.
7. Participants must be ready for serving at stated opening times each day of the event and must remain open and selling food until close of event each day. (Friday 5-9:45 pm, Saturday 11:00 am- 9:45 pm, Sunday 11:00 am - 5 pm)
8. Participants may not trade food portions for beverages. All beverages must be obtained at beverage tents or beer and wine shed with tickets.
9. Each participant will be supplied with 110 volt power with four outlets. Additional power will be available only if requested prior to the event and at a cost of \$50.
10. The location of each tent at the event will be determined by the Mystic Eats Committee, and is non-negotiable.

11. All participants must be completely set up and ready for inspection by Health Official and Fire Marshall by 3:45pm Friday. Access to Cottrell Street begins Friday at noon.

12. Balloons may be used as decorations on your tent but must not be given away or sold unless approved by Mystic Eats Committee.

13. Participants cannot use bull horns or loud speakers. Noise complaints by neighboring vendors will receive immediate action to alleviate the problem. No music may be played at your tent to avoid conflicting noise for live broadcast by official radio sponsors and live music.

Booth Fees and Receipts

1. Rent fee per booth for event is \$550 (non-refundable), due asap but no later than August 1, 2018. Participants will receive 88% of the revenue from their food sales within eight days of the end of the event.
2. All food transactions will be made with official Mystic Eats food tickets. Face value for each ticket is \$1.00. Security and safeguarding of tickets is the participants' responsibility until tickets are tendered for monies. Tickets will be collected by Downtown Mystic Merchants assigned ticket coordinator daily at the end of each day of the event. **Payment will be made for tickets by check from Downtown Mystic Merchants within eight (8) days after receiving tickets.**
3. Menu prices must include sales tax and be in multitudes of one dollar (\$1). Prices will not be less than two dollars \$2 or exceed eight dollars (\$8). Portion sizes must be appetizer portions. No altering of prices will be allowed after approval of menu items by Mystic Eats Committee.
4. The majority of food preparation must take place at participants' normal place of business and finished off at the event. Participants must incorporate hand washing and the use of liquid hand sanitizing lotion (used without water) into their routine. All those operations that require direct hand contact with food product require the use of disposable gloves, per Town of Stonington Department of Health. All pans and utensils must be cleaned regularly. All food items and containers must be kept at least 8-10 inches off the ground.
5. The Downtown Mystic Merchants will provide one 9x10 tent to each participant and one 8' table. Participants must provide their own supplies and eating utensils. Please do not bring utensils that are sealed in plastic wraps that litter the grounds.
6. Tents must be kept clean by participants. No staples, pins, or holes of any kind may be put in tents. Each participant will be held responsible for any damages caused to their tent. Participants must cooperate with business owners located near their booth area. Do not dump liquid or anything on their property, leave trash in provided barrels or sanitation truck at event. Please be respectful of their property and business.
7. All participants must provide their own CO2 fire extinguishers. If you do not have your extinguisher at your tent when Fire Marshall inspects prior to Friday night's opening you will be issued a rental at a cost of \$50, (to be deducted from your event proceeds) Please let Mystic Eats Committee know prior to the event if you cannot bring an extinguisher to the event.
8. All participants must provide their own trash bags and trash receptacles. Common area trash receptacles are for use of patrons and Mystic Eats Committee only.

Operations

1. Security will be provided by the Mystic Eats Committee during all hours of the event and after the official hours of each day up to Sunday evening. Area supervisors will be available throughout the event.
2. Extensive promotion of Mystic Eats will be provided by the Downtown Mystic Merchants.
3. All participant workers will park their vehicles off Mystic Eats grounds. After you unload during setup, you must immediately remove your vehicle from Cottrell Street. After unloading vendors are not allowed to park on Cottrell Street or in the adjacent Park's Playground Parking Lot. **No vehicle may be left on Cottrell Street overnight, including refrigerated trucks.**

Rev. 11/14/17

TEMPORARY FOOD SERVICE GUIDELINES

The purpose of these guidelines is to minimize the risk of food-borne illness at temporary food service events in the jurisdiction of Ledge Light Health District (District). By following these guidelines, you can help ensure the safety of the foods served and in turn protect the health of your patrons and staff/volunteers.

LICENSING PROCEDURES

The application for a temporary event food service license shall be submitted at least fourteen (14) calendar days prior to the scheduled event. The Director may deny applications not submitted in the required time frame.

No person may operate a temporary food service booth or vehicle within the District without first having made application for a temporary license to the Director of Health, including receipt of the District's "Temporary Foodservice Guidelines" and "Temporary Event Training Requirements" documents, and received a District temporary license. The license fee and any other required documentation must accompany the application. Any person in violation of this policy may be denied a temporary event license.

Temporary event applications and associated documents are available at any of our District offices or on-line at llhd.org.

Prior to some larger events, the event coordinator may provide you with an application and the temporary event guidelines, however, it is the responsibility of each individual food booth to submit the necessary application, paperwork and fee to obtain a temporary permit. A District Sanitarian may call the applicant/business to verify the information, discuss food-handling procedures and the need for an inspection (see packet checklist page 8).

Communication is very important to ensure that the application process goes smoothly. Depending on the menu items and the classification of food service, at least one person working in the booth must have food safety training acceptable to the Director of Health. This person will be responsible for ensuring proper procedures are understood and followed, all staff are knowledgeable in safe food techniques and must be actively involved with onsite foodservice.

MENU

- All food must be from an approved source; all receipts and bills of sale must be retained and made available to the inspector upon request.
- All ice is considered food, shall be from a potable water source and protected from contamination.
- No home cooking, preparation or home canned foods is permitted (See note on Potlucks under Preparation).
- No wild game or fin fish from non-commercial sources are permitted.
- All meats and poultry must be USDA inspected.
- Only shellfish from approved sources may be served. All shellfish tags must be made available to the inspector at the time of the temporary event and must be retained for 90 days. Consumer advisories may be needed.

The sanitarian may restrict or modify the menu and/or preparation methods as deemed necessary to minimize the risk of food-borne illness.

PREPARATION

- The easiest and safest method of preparing food for sale at a temporary facility is “cooking to order”. Simple food preparation methods will help reduce the likelihood of food-borne illness.
- On-site preparation should be minimal. Although same day preparation is safest, off-site preparation is acceptable if the preparation occurs in a licensed foodservice establishment that can prepare, storing, transporting and serving food in compliance with all applicable codes and regulations. Copies of a recent inspection report is required for offsite preparation, storage or transport of food.
- All potentially hazardous foods must be delivered hot (135°F or above) or cold (41°F or below).
- **DISCARD ALL LEFTOVERS AT THE END OF THE DAY; DO NOT RE-USE.**
- Store all foods in food grade containers and keep them covered. All equipment must be clean and in good repair. Be fully prepared to operate upon arrival.
- Food security and protection from unauthorized access and tampering will be strictly enforced. Suspect foods may be embargoed and/or discarded.
- **Raw or undercooked items require a consumer advisory with the reminder and disclosure visible to the ordering public. Said items increase the risk of foodborne illness and are thus discouraged.**
- CT Public Act 15-146 states that potlucks and bake sales for a, “noncommercial function such as an educational, religious, political or charitable organizations,” do not require a temporary permit so long as, “the seller or person distributing such food maintains such food under the temperature, pH level and water activity level conditions that will inhibit the rapid and progressive growth of infectious or toxigenic microorganisms.” This is the only time home preparation of food is allowed, so long as the event coordinator consults with LLHD as to how they will ensure all potentially hazardous foods are received and held outside the Danger Zone (41°F-135°F) AND have a clear sign in front of the food items stating they were, “NOT PREPARED IN A GOVERNMENT INSPECTED KITCHEN.”

TEMPERATURE CONTROL

The number one cause of food-borne illness outbreaks is the failure to keep potentially hazardous foods at the proper temperatures. Potentially hazardous foods are those consisting in whole or part of milk, milk products, eggs, beef, pork, lamb, poultry, fish, shellfish or other foods capable of supporting the rapid growth of infectious or toxigenic microorganisms. This also includes hot dogs, pizza, cooked vegetables or starches (rice, beans and potatoes) sliced melons, sliced tomatoes, cut leafy greens, soy products, raw seed sprouts, garlic in oil and cream-filled pastries.

Observe safe food temperatures:

- Hold potentially hazardous foods at 41°F or less or 135°F or above. Cook foods without interruption. **Partial cooking in advance is a dangerous practice and is not allowed.**
- The following are **minimum internal cooking temperatures**:
 - Poultry, stuffing, stuffed meats and reheated foods: **165°F**
 - Eggs, fish, shellfish, pork or beef: **145°F**
 - Ground foods and sausages: **155°F**
- A calibrated (preferably digital), metal stem food thermometer (capable of taking temperatures of thin foods) must be provided for monitoring food temperatures (Range 0 to 220°F and accurate within 2°F).
- Only equipment capable of maintaining the required hot and cold holding temperatures shall be used. The use of “canned heat” or Sterno fired hotel pans or chaffing dishes are not suitable for outdoor events. They are only permitted in a sheltered area or booths protected from the wind. The vendor must make this determination before

arrival on site. **Gas fired steam tables are preferred and typically require review and approval by the local fire marshal.** Other warming units may be approved, if they can hold foods over 135°F. Warming units must never be used to heat or cook foods. They are designed only to hold foods that have just been heated.

- Adequate refrigeration such as refrigerated trucks, refrigerators, or coolers with ice or ice packs must be provided for keeping food cold. A refrigerated truck would be used for bulk storage, and small refrigerators or coolers used for short-term service near the grills. If electrically powered coolers are used, care must be taken to be sure that the service lines can handle the voltage. All units must be provided with accurate thermometers placed in the warmest part of the unit to monitor ambient air temperature.
- Defrost frozen foods under refrigeration at 41°F or below, under cool running water (70°F or less) or during the normal cooking process. **Never defrost potentially hazardous foods at room temperature.**

CROSS CONTAMINATION

- Keep raw food separate from cooked foods
- Do not interchange utensils, cutting boards, containers or other equipment that has been previously used for raw foods with cooked or ready to serve foods. Example: Do not slice onions or tomatoes on a cutting board that was previously used to cut raw chicken unless they are properly washed, rinsed and sanitized between uses.
- Areas used for prepping raw product must be separated from areas used for cooked or ready to eat items.
- **NEVER RE-USE MARINADE.** Once the meat is removed for cooking the marinade must be disposed of properly. The container must be washed, rinsed and sanitized before it can be reused. Always use a freshly made marinade if recipe calls for adding marinade while meat is cooking.
- When making bulk scrambled eggs, pancakes or other batters, liquid pasteurized eggs must be used.

FOOD PROTECTION

- All food must be protected from flies, dust, sneezing, unnecessary handling or other contamination during transportation, storage, handling, display and service.
- All preparation must be done under a tent or similar approved structure with overhead protection.
- Screening for food booths is necessary if seasonally required (insects, birds, etc.), if night lighting creates insect attractions at the booth, if windy or other weather conditions prevail in areas where there would be windblown dust and debris (i.e., food service in the middle of a dry field), or if food cannot otherwise be protected by means of covered or enclosed preparation, holding, and display units.
- Minimize bare-hand contact. Use utensils such as tongs, spoons and spatulas. Utensils may be stored in food with the handles extending out or on a clean surface. Clean utensils must be stored in clean containers when not in use. When manual hand contact is necessary, use wax paper, aluminum foil or gloves. Natural latex disposable gloves are not allowed due to allergens (vinyl or nitrile gloves may be used). Gloves are not a substitute for hand-washing and should be changed frequently when they become soiled, torn, when leaving the booth, changing jobs or using the bathroom.
- Single service disposable utensils must be stored and dispensed in such a manner as to prevent contamination. Utensils must be stored with the handles up and all straws covered or in a closed dispenser
- Salad bars and other self-service type displays are not allowed at temporary facilities.
- Store all foods and food contact items off the ground, on shelves or stacked on empty crates. Sugar, mustard, ketchup, and other condiments must be individually packaged or dispensed in such a manner that contamination will be prevented, i.e., squeeze bottles. Customer self-service from open and/or unprotected containers is discouraged.

SANITATION

- The food booth must be maintained in a sanitary manner always. All food contact surfaces and equipment shall be cleaned at regular intervals (every 4 hours for in-use utensils not held outside the danger zone) and as often as necessary to maintain a high standard of cleanliness. A food grade sanitizer (chlorine-bleach or Quaternary ammonia-Quat) solution shall be provided in sufficient quantities for sanitizing all food contact surfaces. **Food grade chlorine and Quat are unscented, have an EPA number and directions for sanitizing food contact items on the label (i.e. cutting boards, plates, glasses, silver ware) and a list of over the counter food grade bleaches is provided on page 9.** The following procedure shall be used:
 - a) SCRAPE (all food debris from the device/utensil)
 - b) WASH (in hot soapy water).
 - c) RINSE (in clean hot water).
 - d) SANITIZE (soak for the time and concentration shown on the label for the food grade sanitizer).
 - e) ALLOW TO AIR DRY (do not towel dry; bleach will dissipate).
- A 3-bay sink or commercial dishwasher should be used for this procedure. If an on-site facility is not available, three clean 5 gallon buckets or bus pans may be used provided that an adequate amount of potable hot water is available. Wash – Rinse –Sanitizing containers must be sized to fit the largest utensils in use.
- An adequate supply of clean wiping cloths must be provided. Wet wiping cloths must be held in a container labeled "sanitizer", using the same food grade sanitizer and concentration used for sanitizing utensils. The wiping cloths are to be stored in the sanitizer buckets when not in use.
- **Food booths must be provided with a conveniently located handwashing station consisting of an adequate supply of potable water in a sanitary container and dispensed into a catch container (not on the ground). Liquid soap, paper towels and a waste receptacle must also be provided. Portable hand sinks are available from some rental agencies or can be assembled as shown on page 9.**
- Toilets and hand-washing sinks must be provided at each event for the food booth workers.
- All liquid waste must be collected and disposed of in an approved manner that will not create a nuisance or public health hazard. Dumping liquid waste on the ground or in storm drains or watercourses is not allowed. Waste water shall not be reused for any purpose. All cooking oil and grease must be removed off the site by the food booth.

PERSONNEL AND HYGIENIC PRACTICES

- **A copy of these guidelines must be posted in the booth and read by all food handlers.**
- A log book showing name, address, phone number, date and time worked must be signed by all food handlers.
- Only authorized personnel are allowed in the booth. No pets or animals are allowed in the booth.
- **No person with a communicable disease or afflicted with boils, sores, infected wounds or an acute respiratory infection shall work with food. If you have a fever, diarrhea, vomiting, etc., you cannot work. The booth operator should ask all staff how they are feeling prior to allowing them to work, exclude anyone with the previously mentioned and notify LLHD immediately.**
- All workers must wear clean outer garments and maintain a high degree of personal cleanliness. Have extra clean aprons available for all personnel.
- Wash hands frequently, but always upon entering the booth, after using the toilet, eating, smoking, taking a break, coughing, handling garbage, handling raw foods, touching your face or hair, etc.
- Do not use tobacco in any form in the food booth.
- All food handlers must wear effective hair restraint i.e., hats or hairnets.
- Cuts on exposed areas must be bandaged with a water-tight covering and then gloves on bandaged hands.

REVOKING OF LICENSE - BOOTH CLOSURE

The food service license may be revoked at any time by the Director of Health or his/her agent (Sanitarian), when, in his/her opinion, such action is warranted. The booth will not be allowed to reopen without written approval of the Director of Health or Sanitarian. **NOTE: Other requirements may be imposed based upon the individual needs of each booth or event.**

Rev. 11/14/17

TEMPORARY FOOD SERVICE CHECKLIST

Booth Name: _____

Event Name: _____ Event Date: _____

Checklist

- Food training (Class III or IV)
- Potentially hazardous food maintained at proper temp.
- Probe thermometer calibrated and
- Alcohol wipes
- Refrigeration thermometer
- Food protected from contamination
- Potable water supply
- Hand washing facilities in food prep areas; soap; paper towels
- Facilities to wash, rinse and sanitize utensils
- Spare sanitized utensils
- Sanitizing solution (food-grade bleach or Quaternary Ammonia); appropriate test kit
- Food workers in good health
- Gloves; hair restraints; aprons
- Log book maintained

Comments: _____

TEMPORARY HAND WASH STATION

All temporary booth conducting food preparation must have a temporary hand wash station, which includes:

- A potable, free flowing source of warm water to last the entire day; you should not have to hold a faucet or handle to dispense water
- A waste water receptacle; you will also need an approved location to dispose of waste water (toilet, mop sink, etc.). **Water cannot be dumped on the ground or into catch basins.**
- Hand soap
- Paper towels
- A garbage can

Image Courtesy of the Long Beach California Health and Human Services Department

TEMPORARY WARE WASH/ DISH WASH STATION AND SANITIZERS

A temporary dish washing station is needed for events lasting more than four hours (unless the utensils are washed/rinsed/sanitized at a licensed food service establishment) and must have three containers or buckets, each large enough to completely submerge your largest piece of food contact equipment:

- The first bucket should have hot water and dish soap (wash)
- The second bucket has warm clean water (rinse)
- The third container needs warm water and a **food grade sanitizer** at the correct concentration (sanitize)
- Food grade sanitizers are unscented bleach or quaternary ammonia, with an EPA number, must be allowed to air dry (no water rinse) and instructions for sanitizing food contact surfaces (plates, glasses, cutting boards, etc.). See below for over the counter bleach examples.
- Test strips (Restaurant Depot/baileystst.com) to verify the sanitizer concentration/contact time-check label!
- The same concentration used in the sanitizer container can also be used for labeled, wiping cloth buckets.
- Events lasting just one day can bring extra cleaned and sanitized utensils, stored in a clean and covered containers.

Temporary Events Training Requirements

Purpose:

To protect the public health, safety and welfare during the operation of temporary events by ensuring that operators of temporary event food establishments and food booths are knowledgeable in safe food handling practices by receiving proper training in food protection and food-borne illness prevention.

Definitions:

“Temporary food service establishment” means a food service establishment that operates at a fixed location for a temporary period of time, not to exceed two weeks, in connection with a carnival, circus, public exhibition, festival, celebration or similar transitory gathering.

“Class III or IV foods” means foods that are potentially hazardous and that will be hot held.

“Food safety training” means a current training (such as the Ledge Light CAFÉ program or similar) where the individual has been instructed and shown competency (typically through a test) of knowledge regarding food safety and prevention of foodborne illness.

“Just-in-time food training” means an abbreviated training that may be offered by Ledge Light Health District to prepare applicants to safely operate a temporary food service establishment. This training is specific to the event/food being served and dependent upon availability of a Sanitarian.

The Ledge Light Health District recognizes that temporary event food services are unique in that:

- They may provide all classifications of food services at locations with limited food preparation and storage capacity.
- They are usually located away from permanent utilities such as electrical and water supplies, sewage and waste water disposal sites.
- Such utilities may be intermittent or disrupted
- They are exposed to the outdoor environment (precipitation, dust, insects, etc.).

Policy:

Each applicant for a **Class III or Class IV** temporary food service permit shall provide documentation, satisfactory to the Director of Health, that an individual with food safety training shall be present when the booth is operating. **If no trained individual is available, the applicant shall receive temporary event food training or just in time food training before receiving a permit.** It is the duty of the applicant to apply within a timely manner (two weeks prior to the event) to ensure access to the prescribed training.

If you have any questions regarding training requirements or would like to register for a training session, please contact Ledge Light Health District at 860-448-4882.
